Group Profile

Guangzhou DSPPA Audio Co., Ltd. is a professional audio manufacturer since 1988. With more than 30 years' history of designing and manufacturing audio products, DSPPA has enjoyed a high reputation in and out of China. Technology innovations, strict quality and environment control (ISO 9001&ISO14000) and market-oriented products have made DSPPA to be the leading brand in the field of public address system and conference system. As the chief editor of the Technical Code for Public Address System Engineering of China, DSPPA is widely recognized as the largest and most professional audio equipment supplier in China. DSPPA has rapidly expanded its business in 120 overseas countries. DSPPA is a qualified manufacturer for audio system development in the military field, and DSPPA acoustic hailing system has been widely used in PA system projects of the armed police force, air force, army and navy.

LRAS1515A

- Long distance directional speaker
- O Up to 600m clear sound transmission
- SPL (1m) is up to 137dB
- The sound wave is directional to avoid sound distortion caused by echo interference
- Optimized sound wave dispelling and waveguide structure to pass the sound through the siren, engine noise and noisy crowd, and be accurately heard by each target person
- The sound beam angle is 30°
- O Handheld and portable, friendly in use and flexible in control

LRAS1830 LRAS1830A

- Directional and power efficient hailing device, provide clear, long range, directional communication
- O Highly intelligible communication up to 1000 meters
- O MAX. SPL. up to 142dB at a distance of 1m
- O Clear sound transmission within 350m under 88dB background noise
- O With directional sound wave, the sound beam angle is 30°
- O Waterproof and salt-resistant, applicable to outdoors under bad weather
- Safely communicates beyond standoff distances to transmit intent, applicated in Army, Police, Law enforcement, Fire rescue, Coast guard, Border Security etc.

(Black customized)

- O Adopts voice coil air cooling technology, cooling fast
- O Rated power 150W, customized version more than 500W
- O Supports parallel connection of multiple devices on vehicle and shipboard
- O Can be carried like a shoulder bag, backpack or handbag, and can also be installed on a tripod
- O Built in MP3, FM, support Bluetooth as audio source
- O Support one key to play the alarm or dispel sound
- O Support wireless handhold microphone for mass notification
- Paging through this product can be recorded to USB disk and supports playback
- O Support phone call from another region to broadcast in the whole system
- O Power supply: Built in battery, charged by DC12V adaptor

Bird Repellent Sound System

DC12V power

Audio cable

The Bird Repellent Sound System emits a variety of naturally recorded distress calls and predator cries that confuse, frighten, and disorient pest birds. Keep birds far away from the weather-resistant speakers. This system can efficient protect Airport, Power plant, High Voltage Grid, Farmland, Orchard and so on.

- Broadcasts bird distress calls and predator cries
- O Covers up to 600 meters
- O No traps, chemicals, or poisons
- O Green, non-Harmful, simple to install
- USB uploaded sounds easily
- All weather resistant designed
- Includes installation consultation
