

DSP118 DSP119

Mini Satellite Wall Mount Speaker

Description

This product is a mini satellite wall-mounted speaker, stylish in design and good in sound. DSP118 is an 8Ω constant-resistance speaker, while DSP119 is a 100V constant-voltage speaker with several power options. The speaker has a 2.75" driver unit for high-quality sound and a universal joint for easy installation. It can be mounted on walls at various angles.

Features

- Commercial PA system wall-mounted speaker.
- Rated output power of 10W at 8Ω for DSP118 or at 100V for DSP119.
- Power tap is optional as needed for DSP119.
- 1×2.75" driver unit.
- Quick installation with a universal bracket.
- Small and neat appearance with extraordinary sound quality.
- Ideal for the public address system of offices, hotels, bars and shopping malls.
